

REACH Regulations Policy Statement

REACH regulations; EC 1907/2006.

Extronics Ltd do not manufacture or import any substances that require registration under the REACH regulations.

We ensure that all substances used in the manufacture of our products where appropriate are of known and valid registration.

Should any substances used in the manufacture of our products cease to be available due to failure to be registered, we will ensure continuity of supply and continued conformance to the appropriate standards and certifications by sourcing suitable alternatives.

The contact for matters concerning the REACH regulations is Mike Mirams, Quality Manager, 01260 297274, e-mail mike@extronics.com.
