

How to find us

Directions from M6 north

Leave the motorway at junction 17 to the T junction. Turn left, heading towards Congleton on the A534.

*Follow this road for approximately 4-5 miles ignoring ALL turn-offs until reaching a set of traffic lights at a cross roads on the outskirts of Congleton (there is a school on your left). Go straight on (note 40mph and speed cameras) approximately half a mile to a large Roundabout.

Take the second exit (A34) and proceed to the next roundabout within quarter of a mile. Take the second exit left down the hill to another roundabout by Tesco's and a Shell garage. Go straight on, moving into the right-hand lane up to a set of traffic lights. Turn right here into Rood Hill heading towards Congleton town centre.

**You will proceed down a steep hill to roundabout. Go straight on, the road becomes a dual carriageway called Mountbatten Way. Proceed in the left-hand lane, through a set of traffic lights to a roundabout. Take the second exit, sign-posted Biddulph (A527). Immediately you will reach a set of traffic lights. Take the left-hand filter lane which turns left into Bromley Road. Take the first left into Roe Street, Extronics is directly in front of you.

Parking is available directly in front of Extronics Ltd if spaces are available. Alternatively a public car park is located at the end of the cul-de-sac in Roe Street for a limited time period of two hours.

Directions from M6 south

Leave the motorway at junction 17 to the T junction. Turn right, heading towards Congleton on the A534.

Follow instructions as detailed above*

Travelling from Manchester

Proceed along the A34 towards Congleton and Newcastle-under-Lyme until you reach a one way system that takes you around the Grove Pub on the outskirts of Congleton. Continue around the one way system, with the Grove Pub on your right-hand side, following the signs for Congleton.

Stay in the left-hand lane as you approach the traffic lights and turn left down Rood Hill towards Congleton town centre.

Follow instructions as detailed above**
