

Maintenance & Support Plan

Providing support for Extronics Advance installations

- Technical support from trained engineers, whenever you need it
- Access to the latest product updates for the best performance
- Rapid exchange of defective hardware to keep you operational

Extronics Advance installations provide customers with business-critical improvements to safety, efficiency, and productivity. To make sure you remain fully operational, we offer a Maintenance & Support Plan with every solution.

The Maintenance & Support Plan gives you a hotline to our experienced team of engineers, to assist you with any issues or questions. You can reach the team by telephone, email, or online. We'll also replace any defective equipment as a priority; we understand how important it is to keep operations running smoothly.

We're continually developing Extronics Advance products to add new features and improve performance. With an active Maintenance & Support Plan, you'll jump to the head of the queue to get your hands on the latest updates.

Maintenance & Support Plans are renewed on an annual basis.
